

## BCT (MPF) Pro Choice (Master Trust Scheme) – Product Summary

May 2022 Version

### Important Notes

- You should consider your own risk tolerance level and financial circumstances before making any investment choices or investing according to the Default Investment Strategy (“DIS”). When, in your selection of funds or the DIS, you are in doubt as to whether a certain fund or the DIS is suitable for you (including whether it is consistent with your investment objective), you should seek financial and/or professional advice and choose the investment choice(s) most suitable for you taking into account your circumstances.
- In the event that you do not make any investment choices, please be reminded that your contributions made and/or accrued benefits transferred into the Plan will be invested in accordance with the DIS, which may not necessarily be suitable for you.
- Your investment decision should not be based on this document alone. Please read the MPF Scheme Brochure for BCT (MPF) Pro Choice for further details, including the risk factors.
- BCT (Pro) MPF Conservative Fund does not guarantee the repayment of capital.
- Members should note that BCT (Pro) Asian Income Retirement Fund does not provide any guarantee on capital or investment return or dividend yield, and their investments therein (including dividends distributed) are subject to the same vesting, preservation and withdrawal requirements applicable to mandatory and voluntary contributions (as applicable). The BCT (Pro) Asian Income Retirement Fund may pay dividends out of net distributable income and/or capital, which will result in an immediate decrease or adjustment in the net asset value per unit of the fund. The payment of dividends (if any) will involve an investment time-lag and is subject to out-of-market risk. There is no assurance on the dividend distribution frequency and the dividend amount/yield may fluctuate.
- Investment involves risks. Past performance is not indicative of future performance. Members should refer to the MPF Scheme Brochure for BCT (MPF) Pro Choice for further details, including the risk factors and detailed investment policies of the funds.
